

**I like  
it at  
Resthave...**

I have lived at Resthave since April 2014.

The staff is excellent and take great care of me. They are always friendly and make me feel at home.

There are a lot of activities that keep me involved with the friends I have made such as dominios, baking & gardening.

I chose to come here on my own. My mother lived at Resthave Home, so I knew I was making the right choice.
